Product Details

FEATURES

Full load 60	PREMIX+	Fast 15	Daily 39
Liquid or powder detergent drawer	Auto water level sensing	Pause and add button	Delay end option to plan when your wash finishes
High spin, less dry time	Inverter motor The inverter motor delivers quieter operation, improvements in energy efficiency and improved durability, backed by a 10 year parts and labour inverter motor warranty ensuring peace of mind.		

BENEFITS

A cooler clean
The tiniest fingers might leave the biggest imprint on your heart but they won't on your clothes thanks to our PreMix+ technology. For a wash at cooler temperatures, PreMix+ blends detergent with water and pressure sprays it onto the load to reduce detergent residue.

Stop germ spread
Where there are kids, there are germs and a hygienically clean laundry is more important than ever. Our Plus Hygiene function uses water vapour to neutralise 99.9% of selected common household allergens and bacteria*.*Tested on certain harmful allergens and germs: K. pneumoniae, P. aeruginosa, S. aureus

Laundry made express
If washing a top that's not dirty enough for the laundry basket, but not clean enough for the cupboard has slipped your mind, our Fast 15, a quarter hour wash, can refresh any urgent items you might need.

Unlock more time
When youre looking to create more hours in your day, our Daily 39 delivers the kind of quality wash you expect for light loads, in less time 39 minutes to be exact.

Hour of power
Our Full Load 60 lets you wash an entire load in 60 minutes less time than it takes to play a game of Monopoly and without compromising on wash results.

Confidence in care
How do we put this delicately? Safely wash your lingerie and silks while caring for your woollens with our delicates-friendly washing machines.

Timed to suit you
Keep your clothes fresh and say goodbye to wet and wrinkled washing sitting in your machine. Now you can plan ahead and get your wash to finish when its convenient for you. Simply set the time you need your wash done and your clothes will be ready when you are.

High spin, less dry time
Experience maximum efficiency with a higher spin speed that expertly extracts more moisture from your clothes. This means a shorter drying time. You can also adjust the spin speed if preferred.

Specifications

PRODUCT PROFILE

Washing Machine Type	Front load washing machine
Domestic warranty details (yrs)	2
Front Loader Type	Front Loader
Capacity (Kg)	10
Frontloader Wash system	PreMix+

DIMENSIONS

PRODUCT

Total height (mm)	850
