

# Product serial number on boxes

The serial number of your product is located on a white sticker on the outside of the box.

The below example shows where you can find the serial number:

## Product Code

The product code will be at the top of the sticker. The Product code will start with either of the following:

**W** - Westinghouse (e.g. WVEP618DSC)

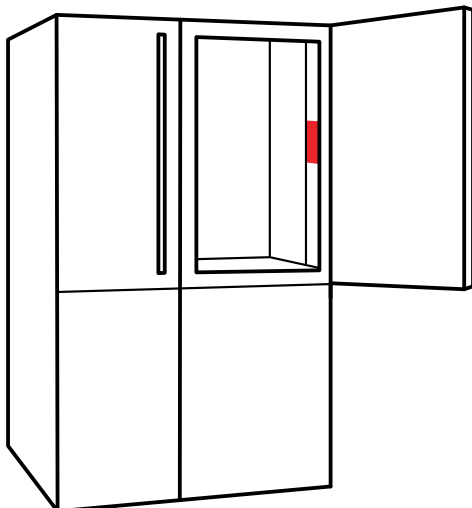

**WQE 6870 BA** PRODUCT NUMBER

SERIAL NUMBER **019 20529**

## Serial Number

The Serial Number is located on the label on the front, back or side of the appliance and is 8 numerical digits long (no characters or letters)

Your Serial Number on your dishwasher can be found on the inside of the dishwasher door, generally on the right-hand side.

The red box indicates the location of the serial number.
